Nature as a Symphony of Interconnections

One of the most striking features of Compass Rose is its profound depiction of the natural world. In "The Pheasant Tree," the speaker witnesses a group of pheasants taking flight, their vibrant plumage against the backdrop of a clear autumn sky. The poem explores the ephemeral nature of beauty

and the poignant longing for connection amidst the ever-changing landscape.

Sze's nature poems often revolve around the concept of transformation. The poem serves as a poignant reminder of the importance of learning from the past to prevent its repetition.
