Isis: The Global Communication of Terror is a groundbreaking book that examines the terrorist group's use of social media, propaganda, and other communication channels to spread its message of hate and violence.

The book is written by a team of experts on terrorism and communication, and it draws on a wealth of research to provide a comprehensive overview of Isis's communication strategy.

The book begins by examining the history of Isis's communication efforts, from its early days as an online forum to its current status as a global media powerhouse.

The book then goes on to analyze Isis's use of social media, propaganda, and other communication channels.

The book concludes by offering a series of recommendations for governments and other organizations on how to counter Isis's communication efforts.

Isis: The Global Communication of Terror is an essential resource for anyone who wants to understand the threat posed by Isis and how to combat it.

### **Isis's Use of Social Media**

Isis has been a pioneer in the use of social media to spread its message and recruit new members.

The group has a large and active presence on Twitter, Facebook, and other social media platforms.

Isis uses social media to share propaganda, recruit new members, and intimidate its enemies.

The group's social media presence has been a major factor in its success in attracting new recruits from around the world.

### **Isis's Propaganda**

Isis produces a wide range of propaganda, including videos, audio recordings, and written materials.

The group's propaganda is designed to glorify violence, demonize its enemies, and recruit new members.

Isis's propaganda is often very effective, and it has been used to attract new recruits from around the world.

## Isis's Other Communication Channels

In addition to social media and propaganda, Isis also uses a variety of other communication channels to spread its message.

These channels include traditional media outlets, such as newspapers and television, as well as more unconventional channels, such as online forums and chat rooms.

Isis uses these channels to reach a wider audience and to spread its message to people who may not be active on social media.

Isis: The Global Communication of Terror is a groundbreaking book that provides a comprehensive overview of Isis's communication strategy.

The book is an essential resource for anyone who wants to understand the threat posed by Isis and how to combat it.
