Despite her suffering, Margaret finds solace in the arms of her secret lover, the handsome and charming Sir William.

As their forbidden love affair grows, Margaret and William must be careful not to be caught. If Edward discovers their secret, he will surely kill them

both. But even as they live in fear, their love for each other only grows stronger.

One fateful night, Margaret and William are caught in a compromising situation by Edward. In a fit of rage, Edward kills William and imprisons Margaret in a tower. Margaret is left to grieve the loss of her lover and to fear for her own life.

But even in her darkest hour, Margaret finds hope. She learns that she is pregnant with William's child, and this gives her the strength to go on. She knows that she must escape from Edward's clutches and find a way to protect her unborn child.

With the help of a loyal friend, Margaret manages to escape from the tower. She disguises herself as a peasant and flees into the night. She travels for days, never knowing where she is going or what the future holds.
