Enhanced typesetting : Enabled
Print length : 579 pages

The book begins with a detailed overview of the anatomy and physiology of the cerebral vasculature. This is followed by a discussion of the latest neuroimaging techniques, including MRI, CTA, and DSA. The book then provides a step-by-step guide to the endovascular treatment of cerebral lesions, including the use of stents, coils, and balloons. The book also

includes a discussion of the latest surgical approaches to cerebral lesions, including the use of microsurgery and laser surgery.

Surgical Neuroangiography: Endovascular Treatment of Cerebral Lesions is a must-have resource for neurosurgeons, neuroradiologists, and other healthcare professionals who are involved in the treatment of cerebral lesions.

Key Features

- Comprehensive overview of the latest advances in neuroimaging, endovascular techniques, and surgical approaches to cerebral lesions
- Written by a team of leading experts in the field
- Step-by-step guide to the endovascular treatment of cerebral lesions
- Discussion of the latest surgical approaches to cerebral lesions
- More than 500 high-quality illustrations

Table of Contents

1. Anatomy and Physiology of the Cerebral Vasculature
2. Neuroimaging Techniques
3. Endovascular Treatment of Cerebral Lesions
4. Surgical Approaches to Cerebral Lesions

Reviews

"Surgical Neuroangiography: Endovascular Treatment of Cerebral Lesions is the most comprehensive and up-to-date guide to the latest techniques in neuroangiography and endovascular treatment of cerebral lesions. This

book is a must-have resource for neurosurgeons, neuroradiologists, and other healthcare professionals who are involved in the treatment of cerebral lesions." - **Dr. John Doe, MD, FACS, FAANS**

"Surgical Neuroangiography: Endovascular Treatment of Cerebral Lesions is a valuable resource for neurosurgeons and neuroradiologists. This book provides a comprehensive overview of the latest advances in neuroimaging, endovascular techniques, and surgical approaches to cerebral lesions." - **Dr. Jane Doe, MD, FACR**
